Figures are in local currency at current prices and are for financial years. Countries are grouped by region and subregion.

All figures are expressed in terms of the current currency. In cases where there has been h

Financial years are always treated as starting in the specified year. For example for countries with an FY of October-September, FY1974 means October 1974-

Figures in blue are SIPRI estimates. Figures in red indicate highly uncertain data.

". ." = data unavailable. "xxx" = country did not exist or was not independent during all or part of the year in question.

Military expenditure by country, in local currency, 2007-2016 © SIPRI 2017

Figures are in local currency at current prices and are for financial years. Countries are grouped by region and subregion.

All figures are expressed in terms of the current currency. In cases where there has been hyperinflation, figures are expressed in terms of the base currency.

Financial years are always treated as starting in the specified year. For example for countries with an FY of October-September, FY1974 means October 1974-September 1975.

Figures in blue are SIPRI estimates. Figures in red indicate highly uncertain data.

". ." = data unavailable. "xxx" = country did not exist or was not independent during all or part of the year in question.
