NCACC'S LEGISLATIVE FRAMEWORK AND MANDATE

3. The National Conventional Arms Control Committee (NCACC) is a Committee established in terms of law to regulate the conventional arms sector in South Africa. Section 3 of the National Conventional Arms Control Act (Act 41 of 2002) provides for the object and mandate of the NCACC. Section 4 of this Act provides for the functions of the NCACC. These could be summarized as the regulation of development, manufacturing and transfer of conventional arms in South Africa. The regulations to the National Conventional Arms Control Act (Act 41 of 2002) dated 28 May 2004 provides details on how the regulation of the conventional arms sector is conducted in South Africa.

4. Section 5 of the National Conventional Arms Control Act (Act 41 of 2002) provides for the membership of the NCACC. Members of the NCACC are Cabinet Ministers and Deputy Ministers specifically appointed by the President. The positions of the Chairpersons of the NCACC are held by Cabinet Ministers who do not have line function interests in the conventional arms business. This has been done for purposes of ensuring the NCACC's objectivity in the conduct of its business.

5. In order to provide for secretariat and administrative support to the NCACC, Section 8 of the National Conventional Arms Control Act (Act 41 of 2002) provides for the establishment of the Directorate Conventional Arms Control (DCAC). This Directorate is located within the Department of Defence (Defence Secretariat). This Directorate has a specific function as provided for in the Act. Briefly, this function is to provide for an administrative mechanism to prepare documentation for the NCACC and to serve as the line of communication between the NCACC, the defence industry and all other relevant stakeholders. This Directorate also ensures the execution of the NCACC's decisions and policies.

6. As a further support structure to the NCACC, Section 9 of the National Conventional Arms Control Act, (Act 41 of 2002) establishes the Inspectorate. The purpose of the Inspectorate is to ensure that trade in conventional arms is conducted in a manner compliant and consistent with the provisions of the Act.

7. The NCACC has ensured that all the necessary institutional mechanism and structures prescribed by the Act to support the efficient regulation of conventional arms are in place. The NCACC is supported by other government departments and agencies. These include the Department of Foreign Affairs, Department of Defence, Department of Trade and Industry, National Intelligence Agency, South African Secret Service and the South African Police Service. Over and above these, the NCACC can be assisted by any other relevant institutions of government as and when required.
