*The data in this publication regarding Foreign Military Sales Agreements and Deliveries portray only sales and deliveries of defense articles and defense services. Sales values will not match official sales values reported at the end of the sales year. Values are adjusted to reflect changes in the program that occur during execution and represent data as of 30 Sep 09. The Foreign Military Construction Sales Agreements and Deliveries are shown separately.

Countries may appear more than once with values reported for a certain time period because their country code was changed to another code. We are required to report each country code individually. If you are using this information for analysis or other reporting, our suggestion is to summarize both entries into one.
