

Appendix 10B. Register of transfers and licensed production of major conventional weapons, 2004

SIEMON T. WEZEMAN and MARK BROMLEY

The register in table 10B.1 lists major weapons on order or under delivery, or for which the licence was bought and production was under way or completed during 2004. Sources and methods for data collection are explained in appendix 10C. Entries in table 10B.1 are arranged alphabetically, by recipient, supplier and licensor. 'Year(s) of deliveries' includes aggregates of all deliveries and licensed production since the beginning of the contract. 'Deal worth' values in the Comments column refer to real monetary values as reported in sources and not to SIPRI trend-indicator values. Conventions, abbreviations and acronyms are explained below the table. The data presented are as of March 2004. For current or previous years' data and for registers of suppliers, consult the SIPRI Arms Transfers Project via URL <<http://projects.sipri.se/armstrade/atrequest.html>>.
